

UNIT 2 · LESSON 6 · HOME CHALLENGE

Is it a fair claim?

About 15 minutes. Judge five claims about the graph. Then fix one claim that says too much. Write it here, or record yourself saying it.

1 Judge the claims Look at the graph. Tick one box for each claim.

CLAIM	supported	partly	not supported
A April had the most downloads.	☐	☐	☐
B Downloads fell after April.	☐	☐	☐
C Downloads increased every month.	☐	☐	☐
D The new football season caused the rise.	☐	☐	☐
E Downloads will reach 50,000 in July.	☐	☐	☐

2 Fix one claim Choose a claim you ticked “not supported”. Write the letter: ____

Example: “Everyone in Thailand plays it.” → “The graph shows 41,000 downloads in April, but there is no data on how many people play.”

(what the graph shows) _____

but (what the graph does not show) _____

3 Check it Tick when you have done it.

☐ I pointed to the graph for every claim	☐ my fix keeps what the graph shows	☐ my fix says what is missing
---	--	--

YOUR TURN Think of a claim about a game, app or band that you have heard, such as “It is the best game ever.” What data would you need to check it? Write one sentence.

To check this claim, we would need data on _____
