UNIT 3 · LESSON 2 · HOME CHALLENGE

Object detective

About 20 minutes. Look closely at an old object or photo from home. Then check your inferences with someone who knows it.

1 Choose your source

An old family photo, or an object older than you. Ask first!

No old object? Use an old family photo on a phone.

My source is:

_____

_____

Who owns it? Do you know when it was made?

Draw it or stick a photo in the box →

2 See it or think it?

First, three things you can SEE. Then two inferences.

I CAN SEE	1 _____
I CAN SEE	2 _____
I CAN SEE	3 _____
I INFER	This suggests that _____
BECAUSE	My evidence is _____
I INFER	This suggests that _____
BECAUSE	My evidence is _____

3 Ask an expert at home

Ask someone who knows the object: "Was I right?" Talk in any language.

Inference 1 ☐ Right ☐ Partly right ☐ Wrong	**Inference 2** ☐ Right ☐ Partly right ☐ Wrong

Something new I learned: _____

4 Think again

Did the new evidence change your interpretation?

At first, I thought _____

Now I think _____

Useful phrases I can see… · This suggests that… · My evidence is… · It does not prove…

YOUR TURN **Bring your source, or a photo of it, to class. Your partner asks: "What is your evidence?"**
